Below are excerpts.

LETTERS TO THE BEAUTY AND TRUTH LAB,

We who are devoted to pronoia created the Beauty and Truth Lab and not the Beauty and Truth Think Tank because we want to put our ideas to the test in the field -- to apply them in unpredictable situations beyond our control and see whether they're useful to people who aren't necessarily steeped in the mystique of pronoia.

One way we've gone about that is to encourage the public to testify and ask questions about their practical experiences with pronoia. Below is a collection of exchanges that have unfolded since we began discussing pronoiac themes on the BeautyandTruth.com website and in the weekly astrology newsletter.

+

DEAR BEAUTY AND TRUTH LAB: I'm a very analytical person, with a doctorate in nuclear physics and a high-tech job. All my training and business savvy tell me that Rob Brezsny's astrology column is superstitious mumbo jumbo, yet every time I've faced a crisis in the last 10 years, his horoscopes have provided accurate wisdom and counsel when things seemed darkest.

The same is true about the book \*Pronoia.\* The scientist in me knows that you Beauty and Truth Lab people are utopian nutcases. It's absolutely demented to regard the universe as friendly and to fantasize that there's some vast, invisible conspiracy of blessing-bestowers. And yet I have to confess that whenever I try the pronoiac strategies you describe, my life veers in the direction of synchronicity and delight.

On the one hand, none of this makes any sense. On the other hand, I don't care that it doesn't make any sense. Somehow I'm able to draw sustenance from something whose power I don't understand or even believe in. In any case, thank you! - Humble Genius

DEAR HUMBLE GENIUS: You've described a quality that we aspire to in our efforts to cultivate pronoia: the ability to be helped by powers that are beyond our understanding.

+

DEAR BEAUTY AND TRUTH LAB: Does pronoia make you feel like you're falling in love? Not just with a person but with life itself? And can that be scary? Is it possible that you might feel a chord of gorgeous terror resound in your gut when you entertain the thought that every person and even every animal and plant and rock in the world is ganging up to make your life interesting -- almost more brilliantly interesting than you can bear? Does pronoia threaten to cause all perceptions, all sensations, all interactions to verge on being orgasmic?

smart research. And of course you're galvanized by competition. But why fritter away your competitive fire on efforts to impress people? A better use of that fire is to use it to hone your talents and integrity.

TAURUS (April 20-May 20): If you own an untamable animal like a bull, the best way to manage it is to provide a fenced but spacious meadow where it can roam freely. So said famous Zen teacher Shunryu Suzuki, using a metaphor to address how we might deal with the unruly beasts in our own psyches. This is excellent advice for you right now, Taurus. I'd hate to see you try to quash or punish your inner wild thing. You need its boisterous power! It will be a fine ally if you can both keep it happy and make it work for you.

GEMINI (May 21-June 20): If I were to provide a strict interpretation of the astrological omens, I'd advise you to PARTY HARDY AND ROWDY AND STRONG AND OFTEN! I'd suggest that you attend a raging bash or convivial festivity once every day. And if that were logistically impossible, I'd advise you to stage your own daily celebrations, hopefully stocked with the most vivacious and stimulating people you can find. But I recognize that this counsel may be too extreme for you to honor. So I will simply invite you to PARTY HARDY AND ROWDY AND STRONG at least twice a week for the next four weeks. It's the medicine you need.

CANCER (June 21-July 22): You are on the verge of achieving a sly victory over the part of you that is unduly meek and passive. I believe that in the coming weeks you will rise up like a resourceful hero and at least half-conquer a chronic fear. A rumbling streak of warrior luck will flow through you, enabling you to kill off any temptation you might have to take the easy way out. Congratulations in advance, my fellow Cancerian! I have rarely seen our tribe have so much power to triumph over our unconscious attraction to the victim role.

LEO (July 23-Aug. 22): Leo journal entry, Thursday: Am too settled and stale and entrenched. Feeling urges to get cheeky and tousled. Friday: So what if I slept a little longer and arrived late? Who cares if the dishes are piling up in the sink? I hereby \*refuse\* law and order. Saturday: I'm fantasizing about doing dirty deeds. I'm thinking about breaking the taboos. Sunday: Found the strangest freshness in a place I didn't expect to. Sometimes chaos is kind of cute and friendly. Monday: The nagging voice of the taskmaster in my head is gone. Ding-dong. Let freedom ring!

VIRGO (Aug. 23-Sept. 22): William Boyd writes novels, which require him to do copious research about the real-world milieus he wants his fictional characters to inhabit. For example, to ensure the authenticity of his book \*Waiting for Sunrise,\* he found out what it was like to live in Vienna in 1913. He compares his process of searching for juicy facts to the feeding habits of a blue whale: engorging huge amounts of seawater to strain out the plankton that are good to eat. Ninety percent of the information he wades through is irrelevant, but the rest is tasty and nourishing. I suspect you'll thrive on a similar approach in the coming weeks, Virgo. Be patient as you search for what's useful.

LIBRA (Sept. 23-Oct. 22): Here's a new word for you: enantiodromia. It's what happens when something turns into its opposite. It's nature's attempt to create equilibrium where there has been imbalance. Too much NO becomes YES, for example. A superabundance of yin mutates into yang, or an overemphasis on control generates chaos. Flip-flops like these tend to be messy if we resist them, but interesting if we cooperate. I figure that's your choice right now. Which will it be? The latter, I hope. P.S.: The reversals that you consciously co-create may not be perfect. But even if they are baffling, I bet they will also be amusing and magnificent.

SCORPIO (Oct. 23-Nov. 21): When I was 24, I lived in rural North Carolina and had a job washing dishes in a city four miles away. I was too poor to own a bicycle, let alone a car. To get to work I had to trudge down backroads where hostile dogs and drunk men in pick-up trucks roamed freely. Luckily, I discovered the art of psychic protection. At first I simply envisioned a golden force field surrounding me. Later I added visualizations of guardian animals to accompany me: two friendly lions and two sheltering wolves. Maybe it was just the placebo effect, but the experiment worked. My allies made me brave and kept me safe. You're welcome to borrow them, Scorpio, or conjure up your own version of spirit protectors. You're not in physical danger, but I suspect you need an extra layer of protection against other people's bad moods, manipulative ploys, and unconscious agendas.

SAGITTARIUS (Nov. 22-Dec. 21): I'm not suggesting you should listen to your heart with rapt attention every waking minute for the next four weeks. I don't expect you to neglect the insights your mind has to offer. But I would love to see you boost your attunement to the intelligent organ at the center of your chest. You're going to need its specific type of guidance more than ever in the coming months. And at this particular moment, it is beginning to overflow with wisdom that's so rich and raw that it could unleash a series of spiritual orgasms.

CAPRICORN (Dec. 22-Jan. 19): The empty space at the end of this sentence has intentionally been left blank. The serene hiatus you just glided through comes to you courtesy of Healing Silence, an ancient form of do-it-yourself therapy. Healing Silence is based on the underappreciated truth that now and then it's restorative to just SHUT UP and abstain from activity for a while. (As you know, the world is crammed with so much noise and frenzy that it can be hard to hear yourself think -- or even feel.) With Healing Silence, you bask in a sanctuary of sweet nothingness for as long as you need to. Please try it sometime soon. Wrap yourself in the luxurious void of Healing Silence.

AQUARIUS (Jan. 20-Feb. 18): I hope you won't feel the need to say any of these things: 1. "I'm sorry I gave you everything I had without making sure you wanted it." 2. "Will you please just stop asking me to be so real." 3. "I long for the part of you that you'll never give me." Now here are things I hope you *will* say sometime soon: 1. "I thrived because the fire inside me burned brighter than the fire around me." (This declaration is lifted from novelist Joshua Graham.) 2. "I'm having fun, even though it's not the same kind of fun everyone else is having." (Borrowed from author C.S. Lewis.) 3. "I'm not searching for who I am. I'm searching for the person I aspire to be." (Stolen from author Robert Brault.)

PISCES (Feb. 19-March 20): Are you fantasizing more about what you don't have and can't do than what you do have and can do? If so, please raise the "do have" and "can do" up to at least 51 percent. (Eighty percent would be better.) Have you been harshly critiquing yourself more than you have been gently taking care of yourself? If so, get your self-care level up to at least 51 percent. (Eight-five percent is better.) Are you flirting with a backward type of courage that makes you nervous about what everyone thinks of you and expects from you? If so, I invite you to cultivate a different kind of courage at least 51 percent of the time: courage to do what's right for you no matter what anyone thinks or expects. (Ninety percent is better.)
